Healthcare Connect

A Finance Leaders discussion
on the NHS (UK) journey

Powered by
Atlas Partners

NHS (UK) pathways, for health services Victoria

Atlas Partners present a forum to elevate the conversation around how we can become better at what we do within healthcare finance.

Learning and innovation go hand in hand.

This is why Atlas Partners are creating a shared forum which connects healthcare services from across the globe with a regular cadence of thoughts, opinions and learnings to help support the innovation of Health Services Victoria.

On this journey, our community from NHS Finance Leadership and Victoria's Finance Leadership community will meet on a bi-monthly basis to provide opportunity for the conversation to **discuss the NHS journey of change**, what has been learnt along the way and how this can inform the path forwards for healthcare Victoria.

This will be your discussion, we want to hear from you during the session, your thoughts, questions and ideas.
